Kolkoi V2 Role Lifecycle

Clear swimlane view of ownership, handoffs, and locked campaign flow

Superadmin

1. Login to /super-admin
2. Monitor orgs, users, activity
3. Export reports (read-only)

Client

1. Create/select brand
2. Create campaign brief
3. Review anonymized creator recommendations
4. Approve campaign for lock
5. If needed: open change request

Manager

1. Bootstrap org (/manager/create-org)
2. Build campaign + deliverables
3. Invite influencers (7-day expiry)
4. Review drafts and proofs
5. Mark exact milestone payment
6. Lock campaign after client approval
7. On approved change request: create new version + re-invite

Influencer

1. Link account via one-time code
2. Accept/decline invite
3. Submit draft, revise if requested
4. Submit proof (screenshot required)
5. Track milestone/payment status

Invite Handoff

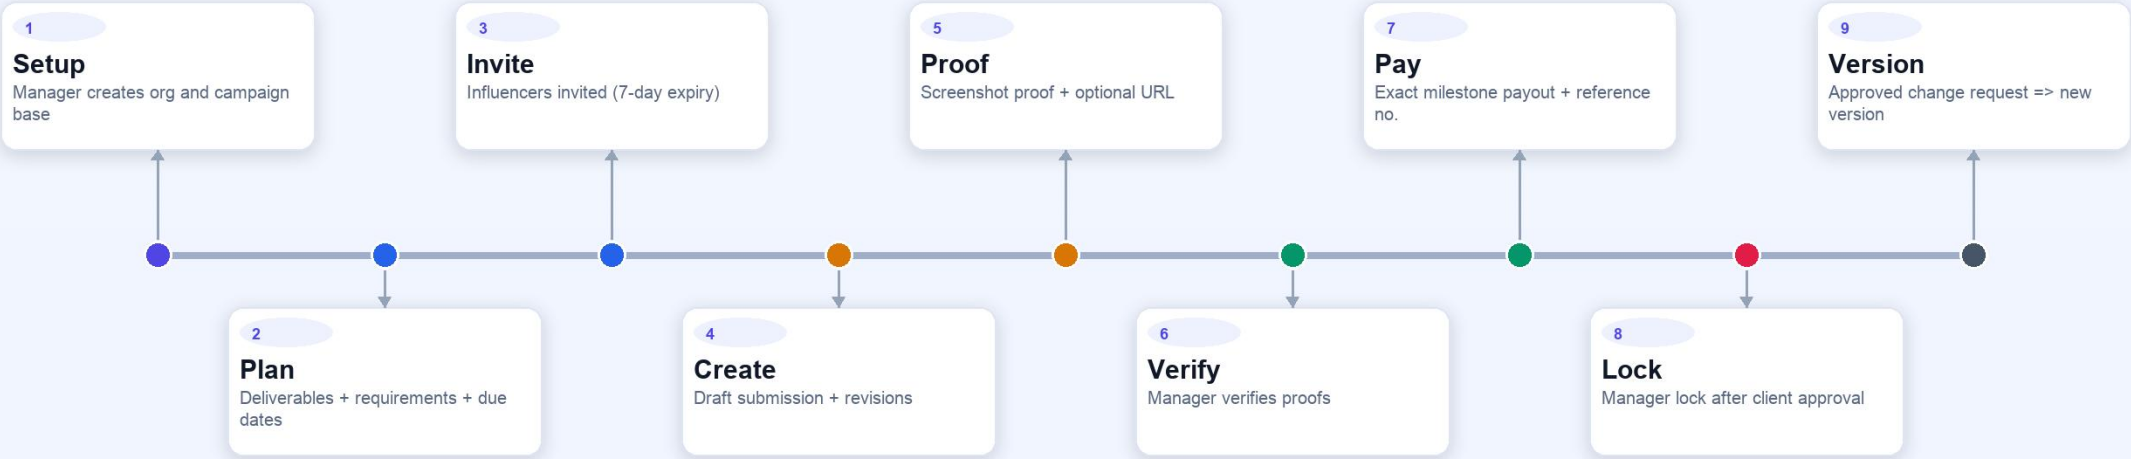
Review Loop

Client Approval Gate

Hard Rules: No unlock after lock • Client cannot directly contact influencer • Post-lock changes require versioning

Kolkoi V2 End-to-End Campaign Timeline

From setup to payment with decision gates



Decision Gates

- **Gate A** Client approval required before lock
- **Gate B** No unlock once locked
- **Gate C** Post-lock changes only via approved change request
- **Gate D** Approved change request cancels active invites and requires re-invite
